EDUCATION

Batangas State University - JPLPC Malvar Campus | Malvar, Batangas, Philippines | Bachelor of Science in Information Technology | 2024 – Present

- **Certifications & Professional Development:** Microsoft Certified: Azure Fundamentals, GitHub Foundations, eGovPh Hackathon 2026: Competitor / Participant, Claude Code 101, freeCodeCamp: Responsive Web Design

EXPERIENCE

Technical Content Creator (Tech & AI) | March 2026 – Present | Independent | Tanauan City, Philippines

- Script and produce technical content documenting AI progressions, automation tutorials, and web development across TikTok.
- Distill complex technical architectures and AI workflow concepts into accessible, engaging formats for diverse digital audiences.

PROJECTS

AyudaTrack – eGovPH Mobile App Solution Service | React, TypeScript, Vite, Express, Firestore | Jul. 2026

- Engineered a proposed solution service for the official eGovPH Mobile App during the eGovPH Hackathon 2026, advancing to the Top 46 out of 600+ participants.
- Integrated authorized official eGovPH platform APIs (platforms.e.gov.ph) and PhilSys eVerify to build a secure "Once-Only Data" pipeline, automating document retrieval and verification for national aid programs (4Ps, Social Pension, AICS, and fuel subsidies).
- Designed backend architecture and validated core system logic using Express, Firestore, and agentic coding workflows, implementing smart appointment scheduling to replace redundant paperwork and eliminate physical queues (pila).
- Developed an accessible, citizen-centered frontend using React, TypeScript, and Vite, featuring real-time application tracking, bilingual localization (English/Filipino), and text-to-speech integration.

TECHNICAL SKILLS

- **Languages & Frameworks:** TypeScript, JavaScript, React, Next.js, Node.js, REST APIs, Tailwind CSS
- **Databases:** PostgreSQL, MySQL, Supabase
- **AI & Automation:** Anthropic, OpenAI, OpenRouter, AI Agents, n8n
- **DevOps & Cloud:** Git, GitHub, Vercel, Docker, Microsoft Azure, Google Cloud
- **Tools & IDEs:** VS Code, Google Antigravity IDE, Cursor
